## About the OGA and the 2019 Annual Corporate Sponsorship Program . . .

The OGA offers members an opportunity to make an annual investment in the association through a Corporate Sponsorship Program.

As an association, we address best practices, regulatory issues, future planning and industry relations. OGA offers a wide array of services and opportunities for members.

Through various programs, events and committees, the OGA actively seeks to influence consumers and regulators in making natural gas the number one, safe choice for energy.

Additionally, OGA provides annual scholarships to dependents of OGA members. The scholarship is funded through proceeds from the annual Scholarship Classic Golf Tournament.

Associate members, suppliers and exhibitors also have the opportunity to sponsor specialty training and participate in the annual conference.

## Why OGA members should invest in the 2019 Annual Corporate Sponsorship Program . . .

The OGA Annual Corporate Sponsorship delivers two significant benefits to enhance membership in the association.

First, the program provides companies the opportunity to plan long-term – look ahead for an entire year. Some of the benefits are improved time management and budgeting.

Second, the program also puts associate members in front of decision makers at OGA events which are excellent opportunities to network with industry leaders and grow business.

**If you are interested in becoming an OGA member, please contact Tom Rider, Executive Director, today at 405-528-1752 or [tom@meso.org](mailto:tom@meso.org) to learn more.**
