

Join Us Today

The *Oklahoma Gas Association* is the trade association for the natural gas industry in Oklahoma.

Our goals are to:

- Develop, promote and conduct public education and public relations programs that will enhance the integrated use of natural gas.
- Provide a forum by which members can exchange information to enhance and improve the operations and customer relations of all members.
- Provide opportunities to members and the public to exchange ideas and concerns regarding the gas industry.
- To promote the products and services of our members.
- To develop, promote and conduct training for gas operators in compliance with all current regulations.

*Membership in OGA
is the quickest way to reach hundreds of gas industry professionals.*

Membership Categories

Associate Members

Persons, firms, companies or corporations that furnish equipment, material or services to the gas industry.

Distribution Members

Those actively engaged in the distribution or delivery of natural gas by means of a pipe system.

Municipal Members

Gas distributors or delivery systems owned and/or operated by local governments, trusts or authorities.

Master Meter Members

Those who distribute gas to multiple customers through one principal meter.

PGT Members (Production, Gathering, Transmission)

Those actively engaged in the gathering, transportation and/or transmission of natural gas by means of pipe systems.

Individual Members

Individuals, active or retired, engaged in activities related to the gas industry, whose business, if applicable, is ineligible for any other class of membership.

Complete the Membership Application on the back and mail it with your dues today.
